***Table 1**

GENERAL INFORMATION

This addendum is in addition to the Installation and Operation Manuals provided with the models listed in **Table 1**. Use these instructions when installing the provided heat shield.

INSTALLATION INSTRUCTIONS

1. Locate the supplied heat shield shipped on top of the unit (*see Figure 1*).
2. Install the heat shield and the non-combustible board bracket on top of unit. After installing unit in framing, bend shield up at 45 degree angle as shown in *Figure 2*.
3. Follow instructions in the Installation and Operation Manual provided with the fireplaces listed in **Table 1**.
